# Nurse and Midwife Representative Training 2024

2023 has proved to be an extremely successful year for INMO Nurse and Midwife Representative Training and we would like to thank our members for making this possible. The INMO trained more than 100 new representatives.

The INMO will provide Representative Training again in 2024 for our members, dates are outlined below.

The aim of the Basic Representative Training Course is to provide members in the workplace with the knowledge, skills and confidence to represent and support members in the workplace. The Representative also acts as a liaison between the INMO Members, INMO Officials and INMO Head Office.

The training course takes place over two days and there are agreements within the public health service for paid released time off to attend INMO Rep Training Courses.

The INMO also provides an Advanced Representative Training Course. This training is at advanced level, the requirement for attending the Advanced Representative Training is to have completed the Basic Representative Training and have been an active INMO Representative in the workplace for at least one year.

If you are interested in attending a Representative Training Course in 2024, please make contact with your INMO Official.
